

Congratulations, you're getting married!

Now let's talk about your wedding cake! These masterpieces are often conversation fillers and are well remembered in the years following the big day. All wedding cakes are designed by myself alongside input from you using your ideas; I believe this enables me to create the perfect cake for you.

I price my cakes on the number of portions provided so this handy guide should give you an idea of the tier sizes you may require.

### CAKE CUTTING GUIDE

Fruit cake Portion 1" x 1"	Square Cake Size	Sponge Cake Portion 1" x 2"	Fruit cake Portion 1" x 1"	Round Cake Size	Sponge Cake Portion 1" x 2"
16	4"	8	12	4"	6
24	5"	10	18	5"	8
36	6"	18	24	6"	12
48	7"	24	36	7"	18
64	8"	32	48	8"	24
80	9"	40	64	9"	32
100	10"	50	76	10"	38
120	11"	60	92	11"	46
144	12"	72	108	12"	54

A handy piece of advice is to cater for 75-80% of your guest list because not everyone will eat cake. Of course you can always keep the top tier to take away and eat yourselves!

## Payment Details

On booking your date a non-refundable deposit of £50 is required. For orders over £450 a second non-refundable deposit of £50 will required 6 months later. Balances will need to be paid by 4 weeks before the wedding date.

## Booking Process

If you like what you see and I have availability for your date, you can pay the deposit. If you do this, I can then arrange a date approximately 6-9 months before the wedding date where I can arrange for samples and a meeting to discuss your design!

Alternatively, samples can be purchased for £15 and collected on an arranged date to take away and try. If you would like to book after this, the booking process applies.

Thank you for contacting me and I look forward to talking cake with you in the future!
